

Pitch Deck Handout

Noetfield Governance Execution Layer - slide summaries

Audience: EXTERNAL

Classification: Presentation companion

Generated: 2026-05-29

Slide 1 - Title

Noetfield Governance Execution Layer

Slide 2 - Problem

AI adoption without governance; no pre-execution validation; no audit traceability.

Slide 3 - Risk

Regulatory exposure; board liability; invisible AI decision chains.

Slide 4 - Solution

Governance Execution Layer - evaluate before execution.

Slide 5 - Product

Golden Edge v3: ALLOW/REJECT engine, policy enforcement, immutable ledger.

Slide 6 - Console Demo

Intent input -> decision output -> audit trail.

Slide 7 - Architecture

FastAPI + Postgres event ledger + policy engine.

Slide 8 - Pilot Scope

6 weeks; BC org; read-only integration.

Slide 9 - Why Canada

AI governance leadership; regulatory alignment; safe adoption.

Slide 10 - Ask

IRAP funding; pilot partner; enterprise validation.
