Core Positioning Statement

Noetfield is not an AI platform. It is a governance execution and audit infrastructure for regulated AI systems.

What We Are

- Pre-execution governance layer for AI-driven operational decisions

- Policy v

What We Are Not

- Not a general-purpose AI model provider

- Not a le

Ideal Customer Profile

- Canadian regulated enterprise (banking, insurance, public sector)

- Teams

Internal - Competitive Moat

- Execution/governance separation is the category
- not feature parity with LLM vendors.
- Trust L

Internal - Messaging Do / Don't

Do	Don't
Governance execution layer	AI platform
Simulate and audit decisions	Approve loans or move money
Board-ready evidence	Replace compliance officers
Read-only pilot integration	Production execution authority
